In this long-awaited book, therapist Lori Golden tells the story of how she was sexually violated by her well-liked father, a successful businessman who headed Landmark Dress Company in New York. Lori had the perfect childhood. A childhood that was masked in a house of lies—all an illusion. It wasn't until she was in her late 30s that she was able to say, "I am an incest survivor."

Lori's work has opened the doors for sexual abuse survivors—many speaking up and out for the first time. She believes there are many roads that lead to an individual's healing. Lori inspires and motivates others to seek their truth and heal through her consulting and presentations.

Lori Golden is passionate about helping both trauma and abuse survivors on their healing journey. Her work today is an outgrowth of her recovery from childhood incest and addictions.

Her first book, *My House of Lies*, is a memoir about her addiction, recovery and overcoming childhood incest after thirty-seven years of amnesia.

*"My House of Lies is a must read for anyone seeking to recover pieces of themselves lost to abuse. Lori is victorious in breaking free and living the life she was meant to live."*
